EDUCATION

MIT ADT

- BTech, Computer Science and Engineering
 - Core in Computer Science and Engineering

Pune, India

August 2026

Pace Junior Science College

- Senior Secondary School (11th and 12th Grades)
 - Specialization in Maths & Science

Mumbai, India

2020-2022

- Relevant coursework:

PROFESSIONAL EXPERIENCE

9 prime Consultancy

- Software Development Intern

Mumbai, India

August 2024-January 2025

- Gained practical experience in software development, problem-solving, and collaboration.

Personal Projects

- Collision Avoidance System
 - A hardware-based project using a Raspberry Pi 4 Model B, which involves components like an ultrasonic sensor, LCD, light sensor, buzzer, rotary angle sensor, and temperature sensor.
- Ambulance Tracking System
 - A hardware-based project developed to track ambulances in real-time, utilizing a combination of GPS, communication modules, and a user interface for monitoring. The system ensures that ambulances are dispatched to the nearest emergency location in the shortest possible time.
- Smart Voting System using Face Recognition
 - A software-based system that modernizes the voting process by using face recognition technology for voter authentication. The system ensures secure and efficient voter identification through the camera of the device, making the voting process more accessible and fraud-proof.
- College Buddy
 - A web-based application designed to assist students in navigating their college life more efficiently. The system includes features like a teacher timetable viewer to check faculty availability, a cabin locator for easy access to staff rooms, a transport section displaying bus routes and schedules, and an interactive college map. The platform enhances daily productivity by streamlining access to essential campus information through a user-friendly interface.

SKILLS

- **Languages:** English (Fluent), Hindi (Fluent), Marathi (Intermediate), German (Beginner)
- **Computer:** Python, C++, Java, HTML, CSS, JavaScript, Data Structures and Algorithms, Software Design and Development, SQL, Database Management

ADDITIONAL INFORMATION

- **Competitive sport:** Played Cricket at pre-professional level: Goregaon Sports Club, and have done Skating at an interschool level, played basketball during high school.
- **Interests:** Travel, Bike Riding and Touring, Listening to Music, Playing Cricket.
- **Certificates & Achievements:** AI for Everyone DeepLearning.AI, Crash Course on Python Google, Introduction to Software Engineering IBM, Introduction to HTML CSS & JavaScript IBM, Networking Basics Cisco Networking Academy, AWS Academy Cloud Foundations.
